MapInfo Professional®

DATA DIRECTORY

MapInfo Professional®

MapInfo Professional comes with over 2gb of global data. In each directory, there is a wide variety of files including pre-built work spaces for your convenience. These datafiles include street, administrative boundaries, demographic, imagery and much more. This listing outlines what data is included in each folder.

For more information on Pitney Bowes Business Insight (PBBI) data, visit **www.pbinsight.com/products/data/**
